A 'PIX[®] Shelf' unit will be made up of 3 pieces of deck and will not contain the 'Pallet Runners' (Feet)
Pallet Runners' (Feet) may differ from the ones illustrated

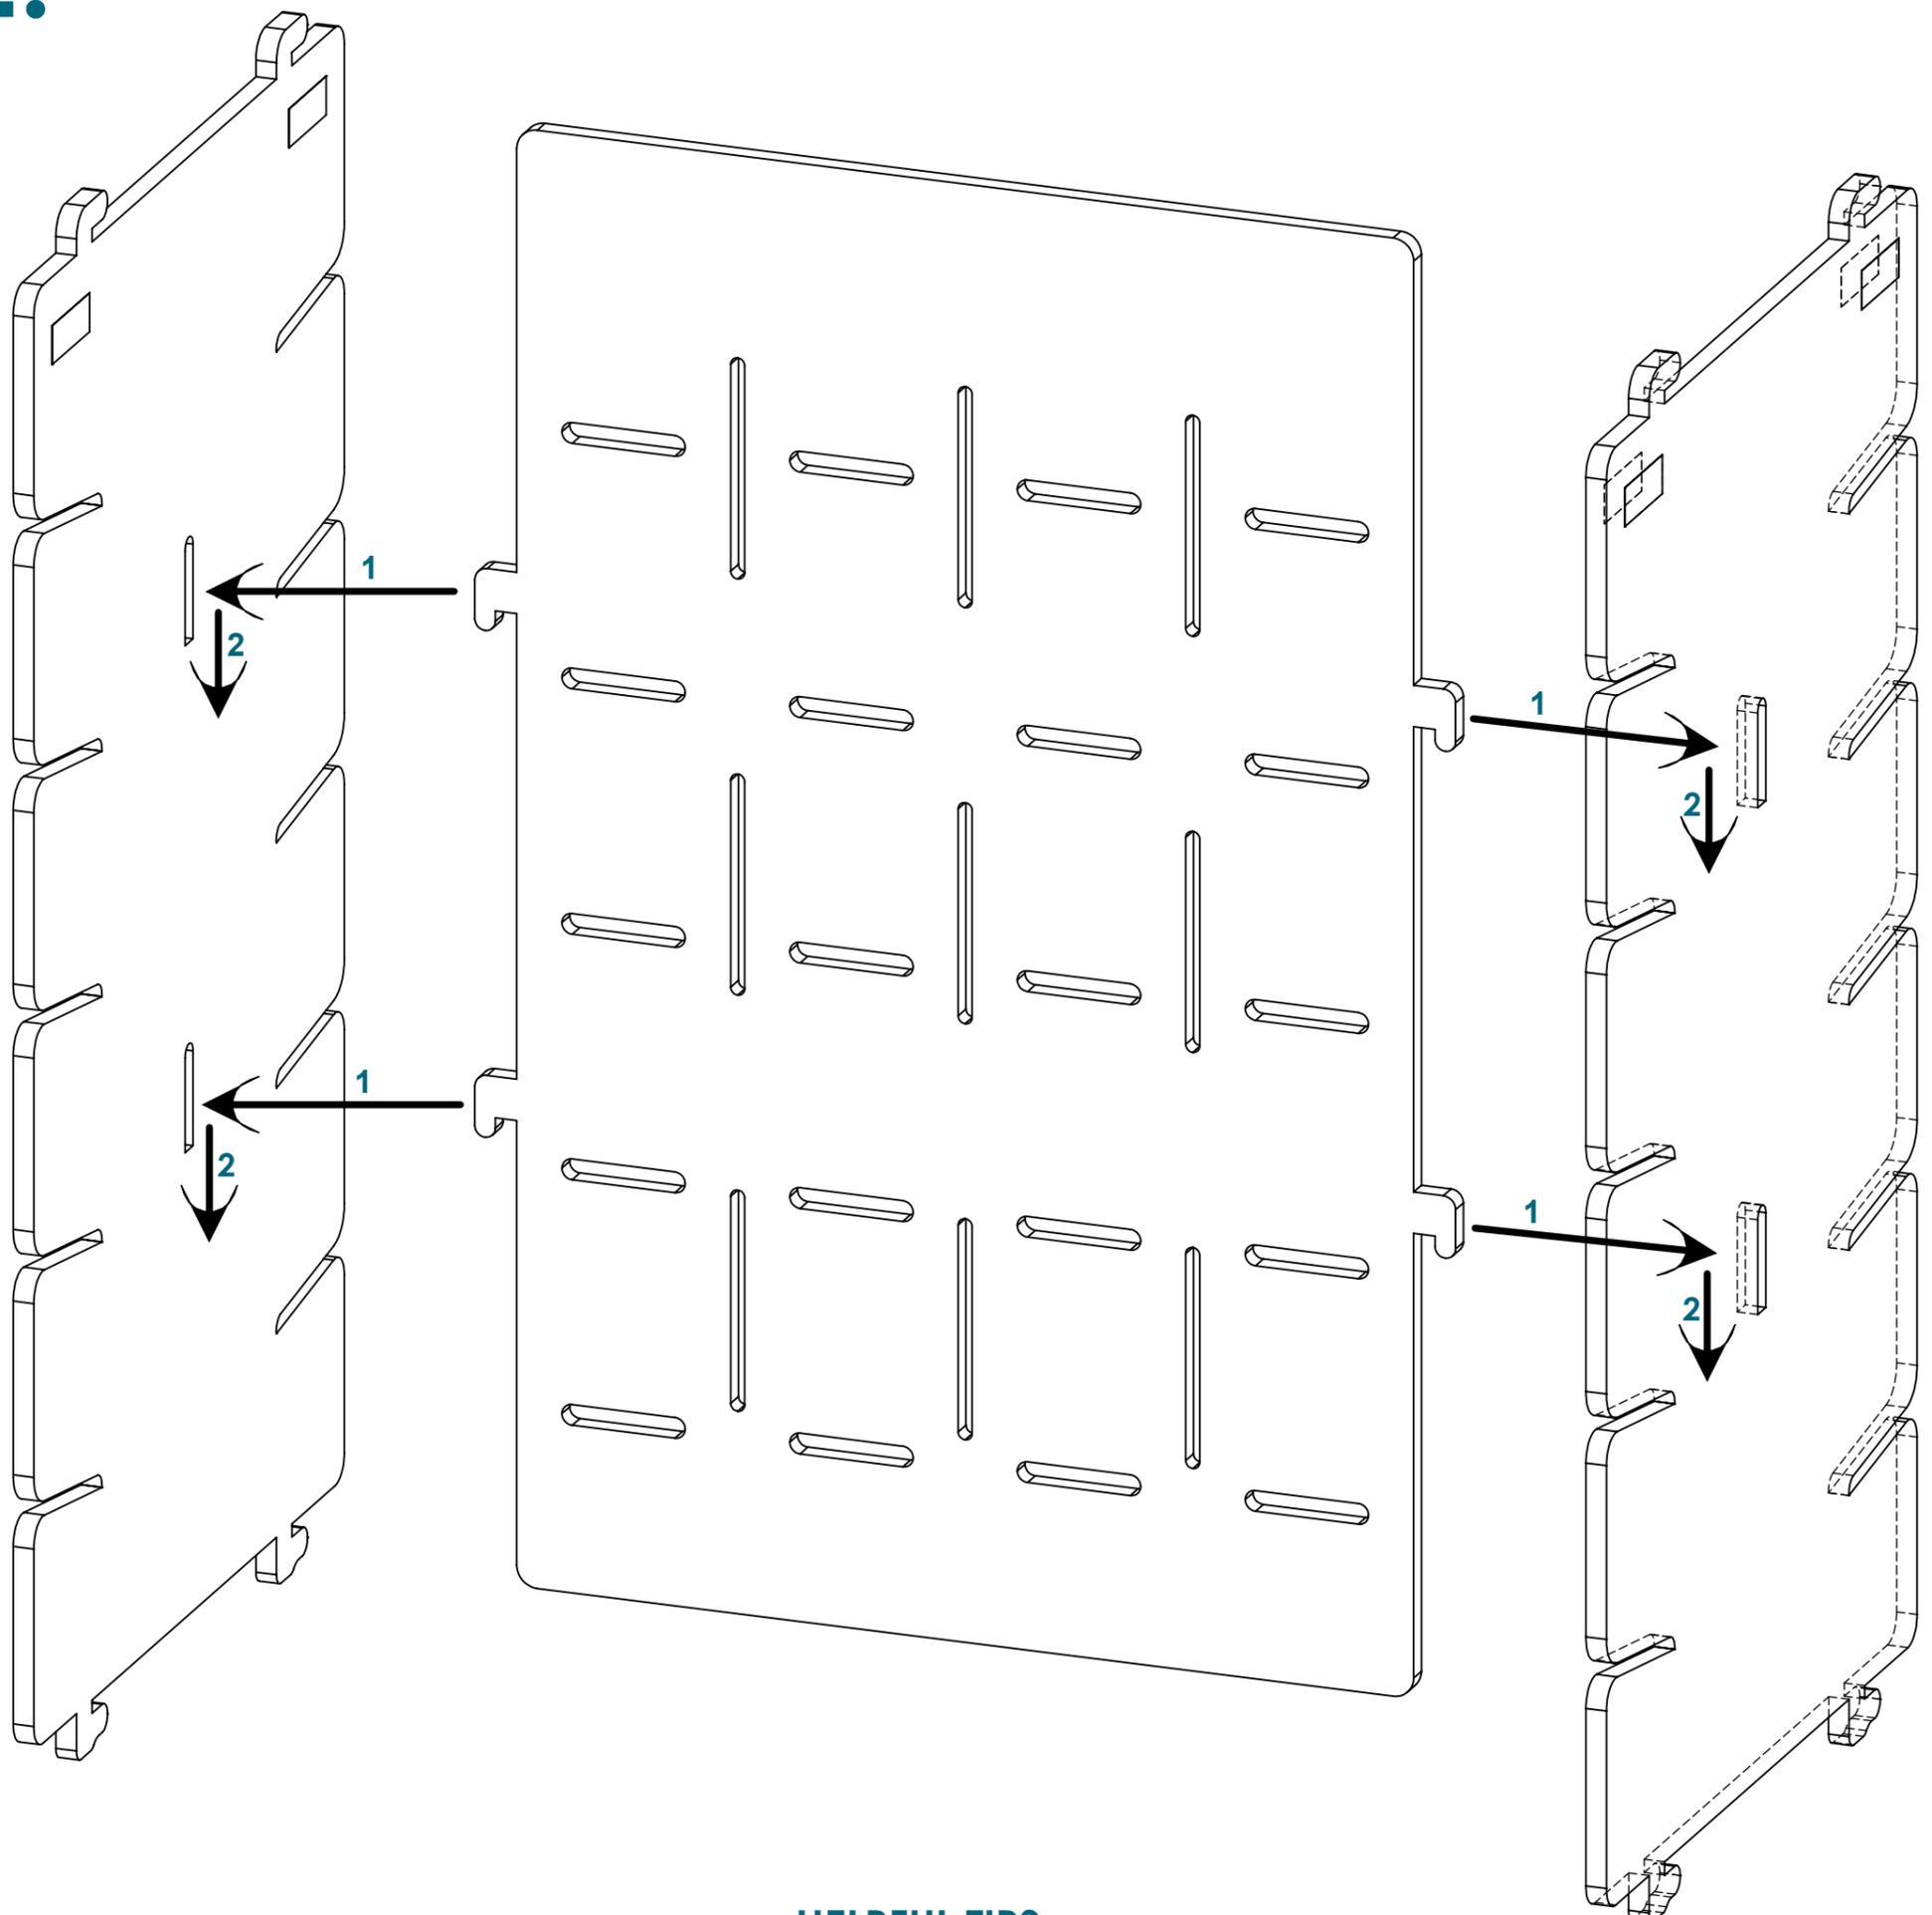

1.

HELPFUL TIPS:

Ensure the rounded part of the slots on the 'Base' is facing towards the front

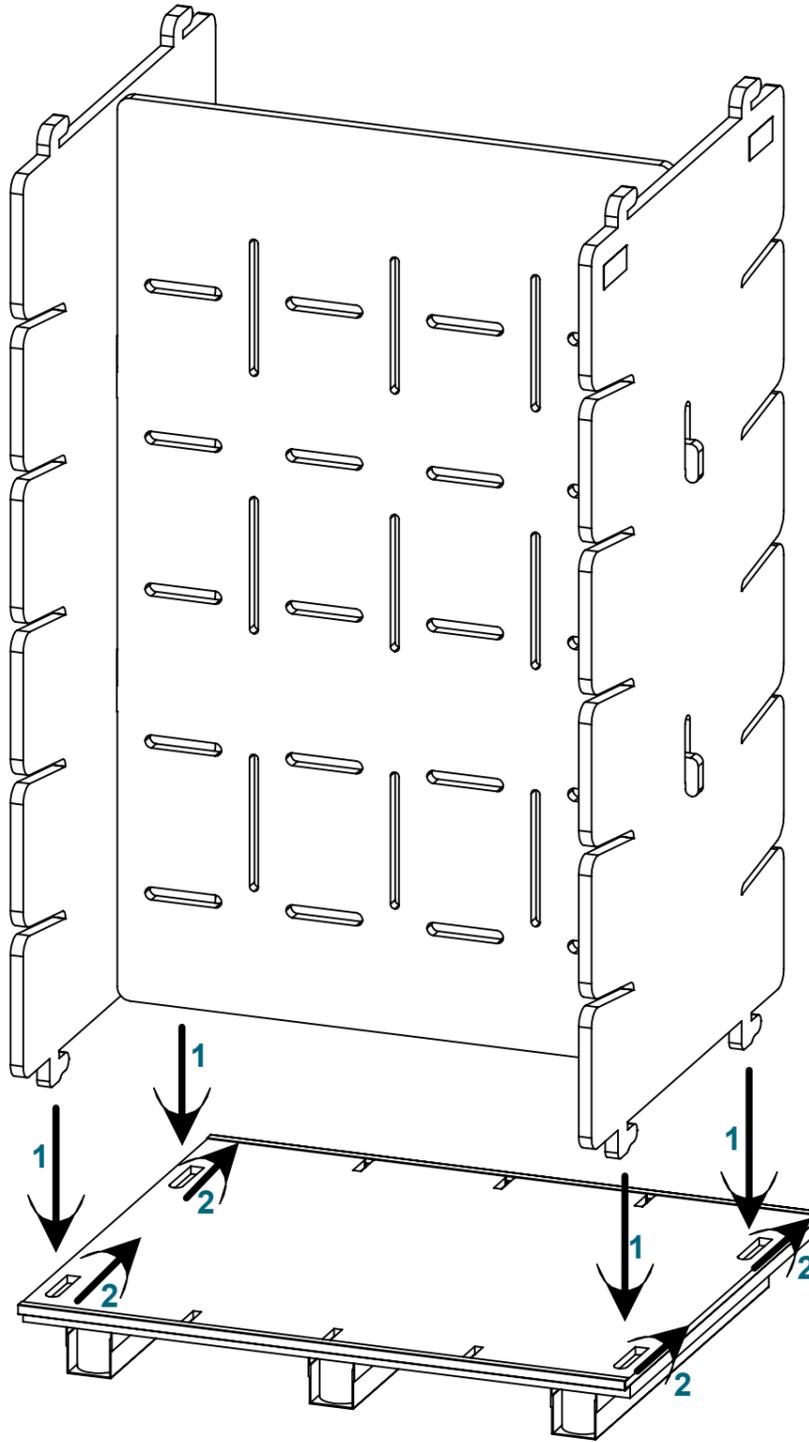

2.

HELPFUL TIPS:

Connect both 'Sides' to the 'Spine' by inserting the tabs into the corresponding 'Spine' slots, then slide the 'Side' up to lock in place. Ensure slopes on the 'Sides' are angled downwards

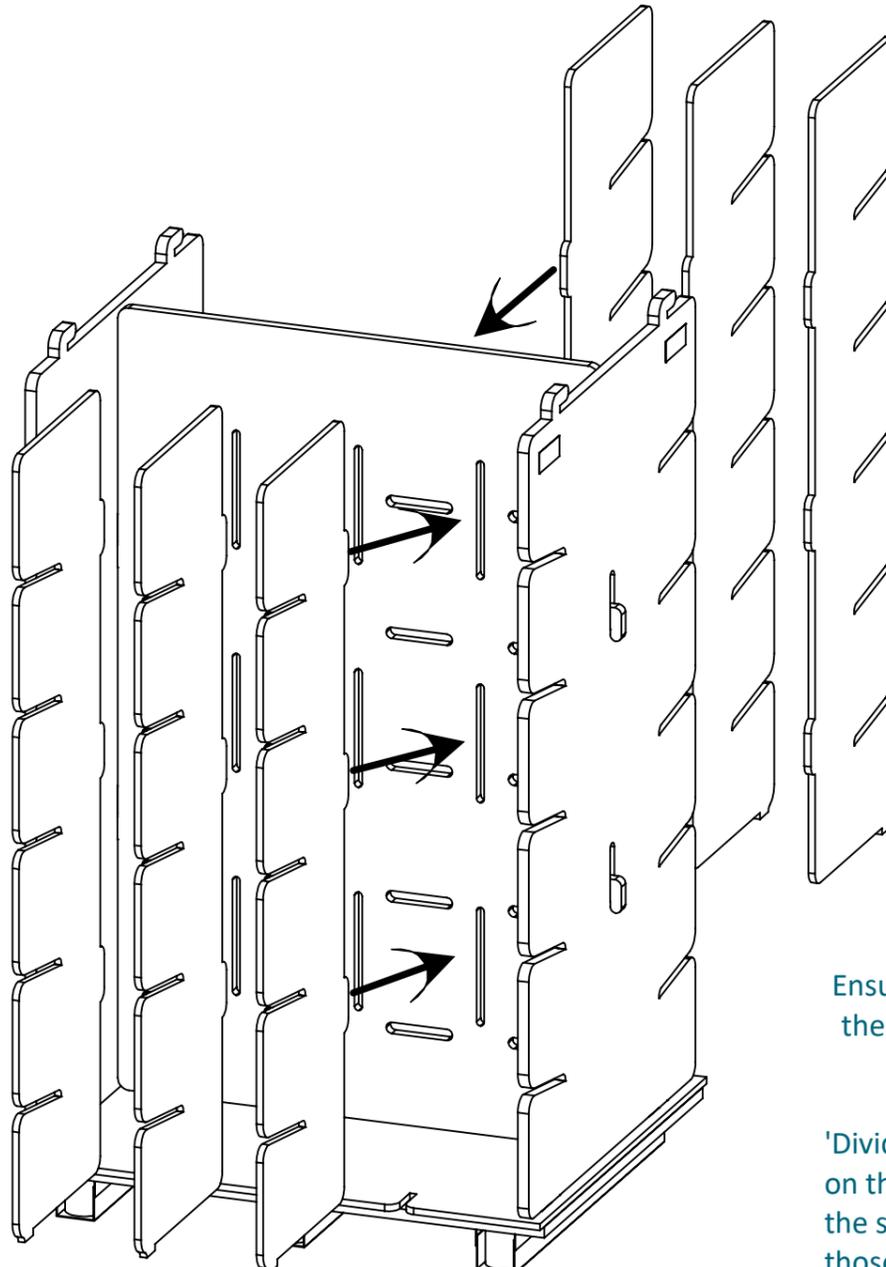

4.

HELPFUL TIPS:

Once tabs on the 'Side' are through the corresponding slots of the 'Base', slide back to lock in place.

5.

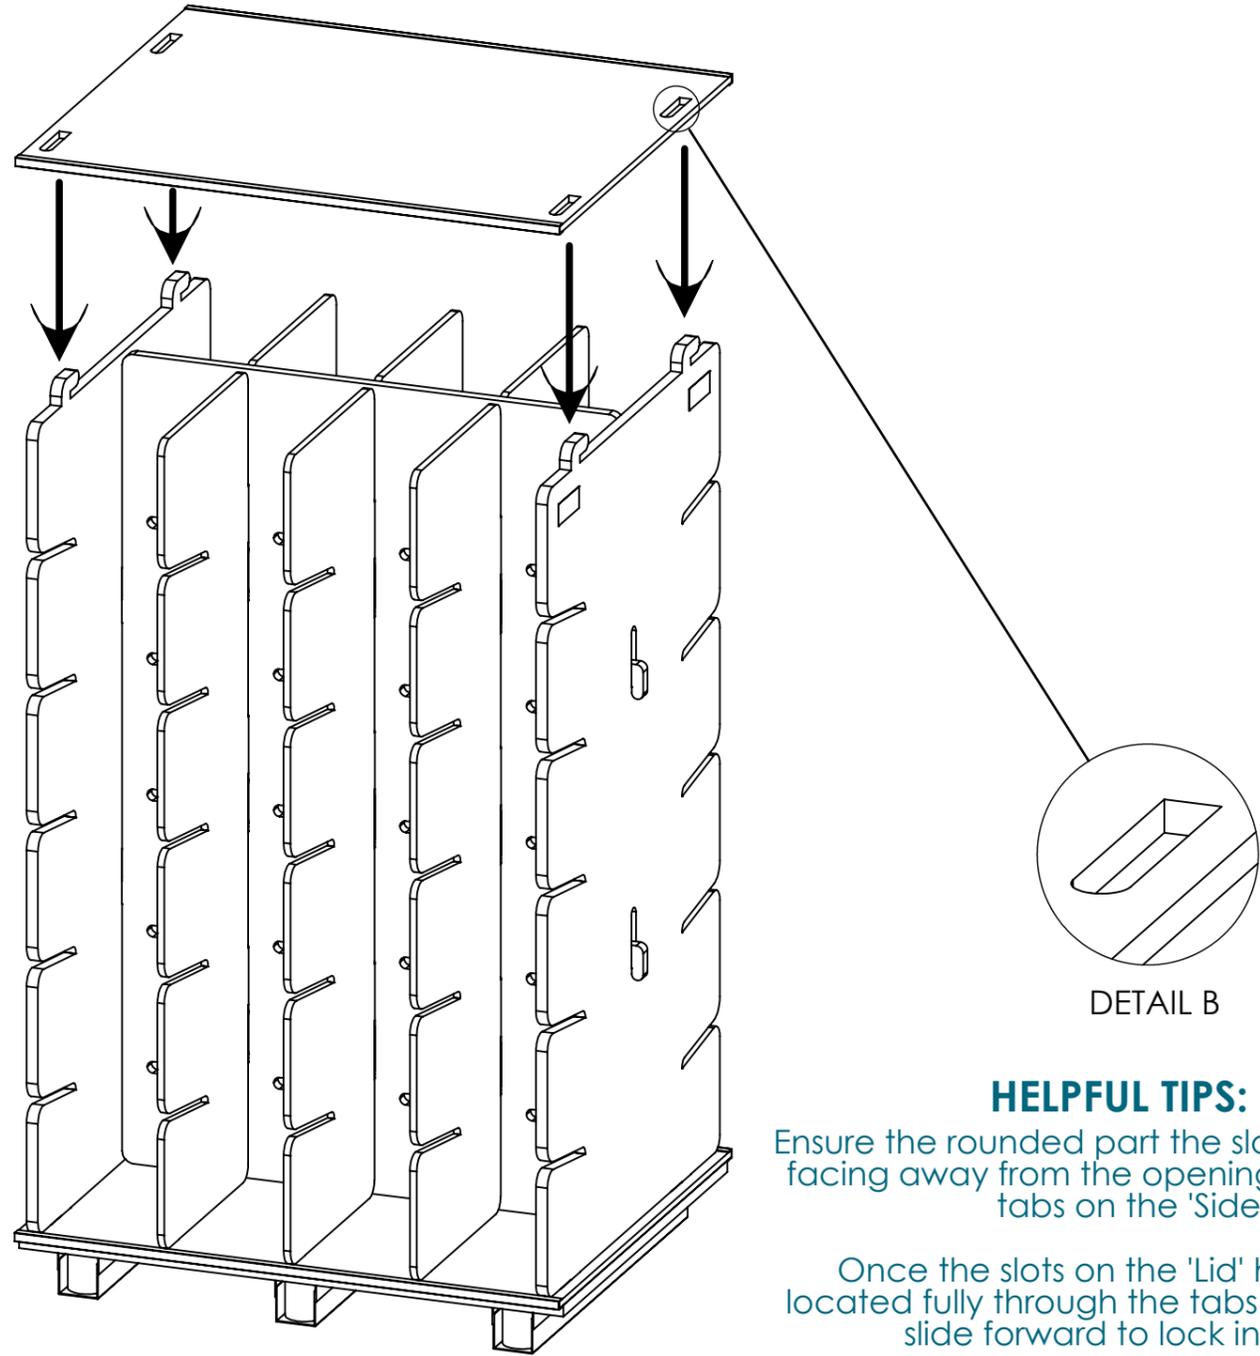

HELPFUL TIPS:

Ensure 'Dividers' are fully located within the slots at the back of the 'Spine', before locking into the slot of the 'Base'

'Dividers' on each side should be the same. The tabs on the 'Dividers' on the opposite side will sit within the same slots on the 'spine', on top or underneath those tabs of the 'Divider' inserted first

6.

DETAIL B

HELPFUL TIPS:

Ensure the rounded part of the slots of the 'Lid' is facing away from the opening of the 'hook' tabs on the 'Sides'

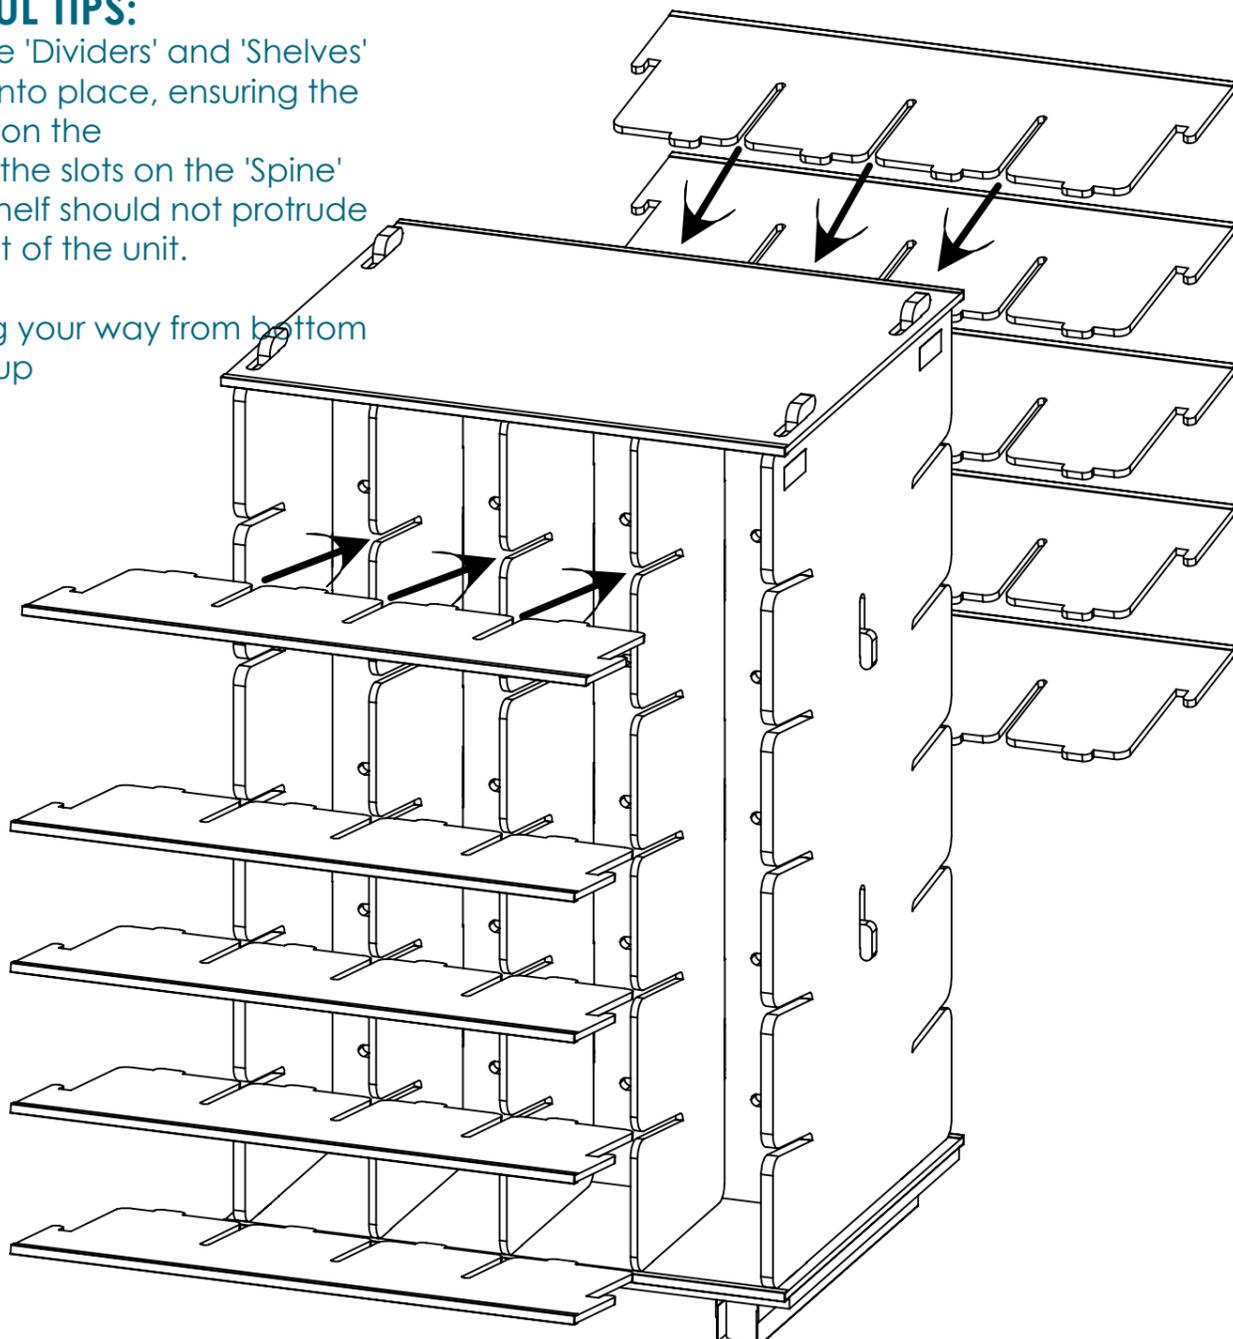

Once the slots on the 'Lid' have been located fully through the tabs on the 'Sides', slide forward to lock in place.

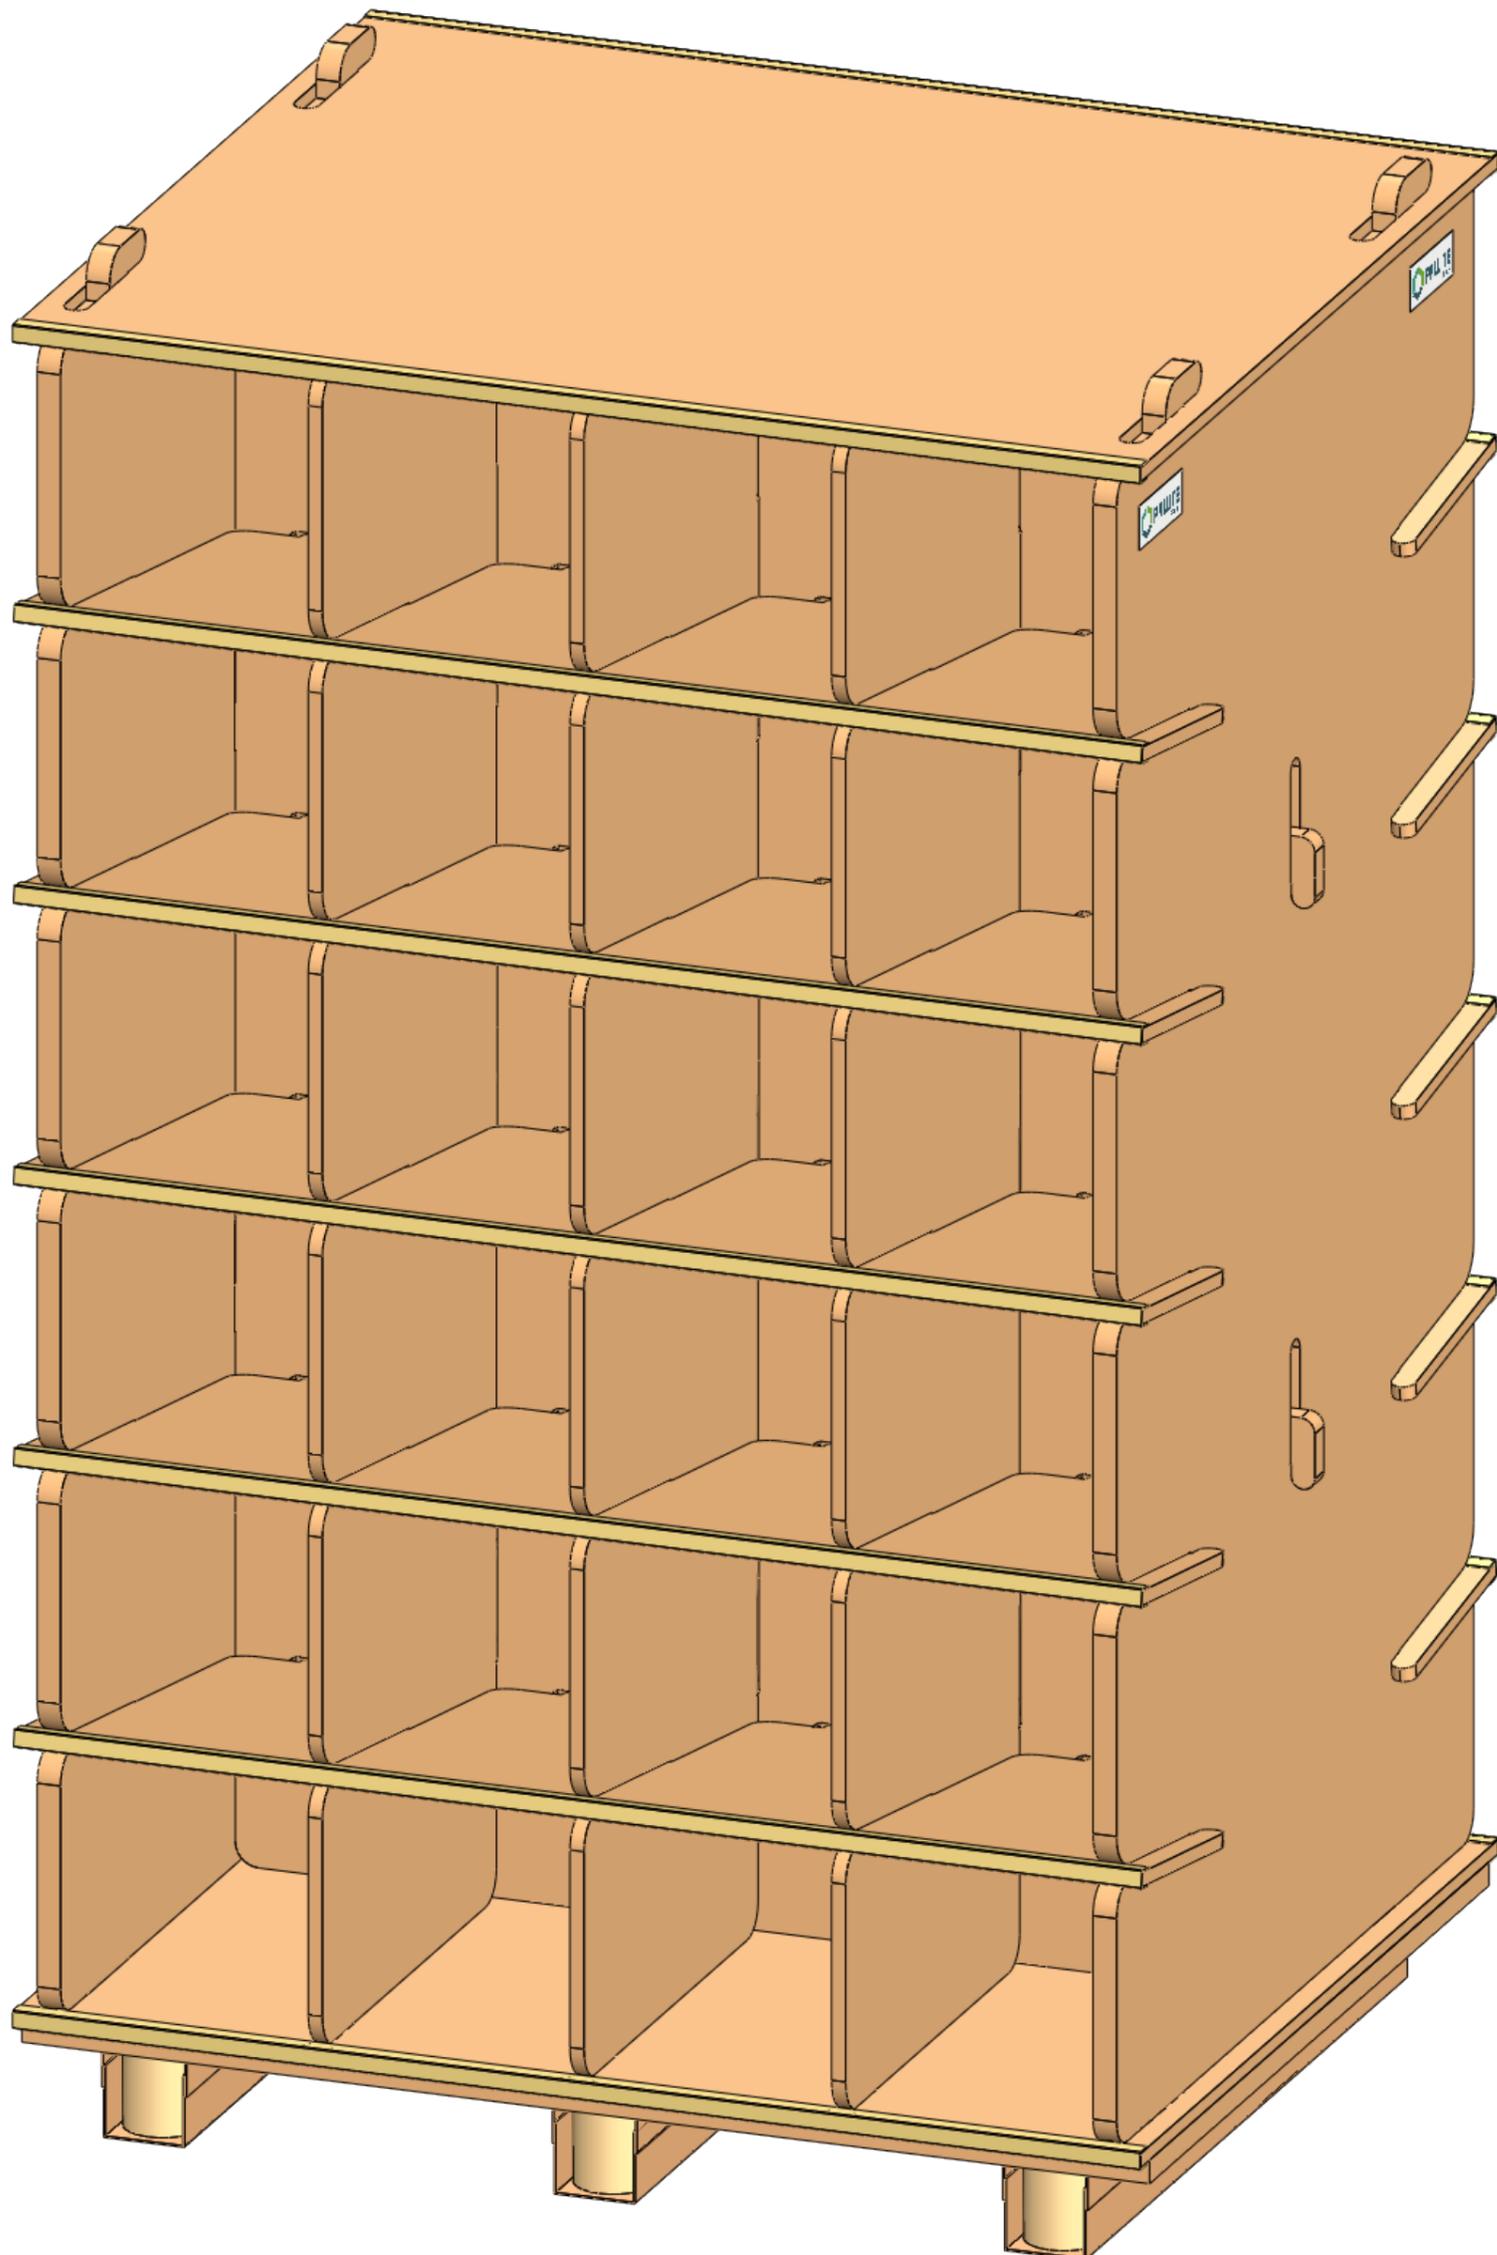

7.

HELPFUL TIPS:

Line up the slots on the 'Dividers' and 'Shelves' and slide down and into place, ensuring the tabs on the 'Shelves' locate into the slots on the 'Spine' and sit securely. The shelf should not protrude to the front of the unit.

Insert 'Shelves' working your way from bottom up
